

OUR COFACE

CORPORATE SOCIAL RESPONSIBILITY

Guiding Principles

BEING A GOOD INSURER

Trade can be a source for good. This means exploring new business opportunities that provide social good or benefit.

BEING A GOOD EMPLOYER

Promoting diversity and inclusion is essential to any business. We proactively cultivate a workplace culture and environment that reflects our values as a company and supports causes important to our team.

BEING A RESPONSIBLE ENTERPRISE

Reducing carbon emissions while making sustainability a driver for new business is core to our CSR commitments. Our employee-driven 'Green Team' helps our region plan and advance local efforts to reduce carbon emissions.
